BOOKING GUIDE

BOOKING GUIDE

BAND + PRODUCTION = SHOW

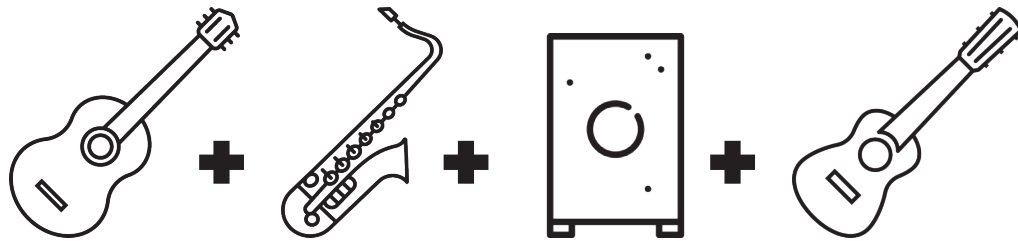

Below is the full list of pricing for the differing band sizes and style of show. Roaming gigs are purely acoustic and involve the band moving in and around the guests. The 'Live' show is fully electric and requires production.

If your event has it's own production in place we are very happy to work with whatever team as long as we can obtain our specified technical rider which we can supply as and when.

ROAMING

Roaming is an unplugged version of our band, providing entertainment amongst the crowds at indoor and outdoor events. Our roaming band adds a charisma and energy to any event and is the perfect addition to a wedding, corporate event or garden party.

Starting from Acoustic Guitar + Vocals, you can customise your roaming band with any combination of Additional Guitar, Sax, Cajon, or Acoustic Bass.

Absolutely fantastic! Huge huge talent! Thank you guys, fab gig... Can't wait to see you again sometime!

PRODUCTION

For our Live show, you will require production. Production includes lighting, speakers, staging and crew. You may find that your venue has production on site, but if not, The Revue recommend a third-party company for production.

We have the best prices on offer allowing us to cut the costs to our clients. Production is highly recommended and will add greatly to your experience. The packages are based on number of people and the size of the venue.. For more information on production, or to discuss your requirements further, please get in touch.
